

101 Answers for New Teachers and Their Mentors: Effective Teaching Tips for Daily Classroom Use

Being a new teacher is not easy. This bestseller from renowned educator Annette Breaux is THE book that teachers need to get through their first year! The book answers all the questions on new teachers minds, such as: How do you actually manage a classroom of students? How do you get them to care? How do you find time to plan your lessons, grade student work, attend meetings, and communicate with parents? Annette addresses these issues (and many, many more!) with practical strategies and heartfelt advice. New to the third edition is a special section on teaching amidst growing concerns over high-stakes assessments and standards.
