

Eating Vegan in Vegas

Vegan City Guides is an ongoing set of travel guides meant for the vegan business and leisure traveler. Each city's guide will make available not only the food choices available in each place but will also introduce the vegan to the varieties of sites, interests, and activities that appeal to those involved in a plant-based life. Each guidebook is designed to ask the question, what would a vegan like to do in this city? Besides finding the best places to eat.
