

## World Architecture Travel Notes(Chinese Edition)

Paperback. Pub Date: 2010. Pages: 296  
Language: Traditional Chinese Publisher  
the: Linking Publishing Corporation  
humanity once existed. the most powerful  
evidence are recorded in the building.  
Contemporary Korean construction  
industrys most influential architect Kim  
Seok Chul assembled visited around the  
world for more than twenty years of  
experience. based on the function of the  
building itself. as well as human behavior  
and significance of the building space.  
carved out of the book is four dimensions:  
static lonely space. sacred space. living  
space. dead space. lead the reader to  
twenty-four human civilization in the  
history of the most important architectural  
space. a glimpse of the beauty and height  
of human civilization. Four dimensions  
human civilization twenty-four. important  
buildings silence space: a living by service.  
but also for the world after death for  
prepa...
