

# How to Pass Professional Exams Without Completely Ignoring Your Family

Suggested strategies for studying for professional exams. This book is specifically written for the working mom or dad who is seeking to earn a professional designation but does not want to sacrifice their family life in the process. Written by an actuary and father of five who has been studying independently since grade school and has teaching experience and training as well. These suggestions are simple yet effective. This book is well worth your time. Bonus material: Raising Math Wizards and Witches Suggested strategies for helping your children learn mathematics. This book is written for the mom or dad who wants to set their child up for success learning math in school, and is willing to put in the time and effort to make that happen. The author, who used to be gifted, is an actuary, educator, and father of five, and has been helping others to learn math since he was in elementary school. Bonus material: Willing to Work Suggested strategies for job-hunting. This book is written for anyone hunting for a job. The author is an actuary who experienced a layoff in 2009. He gives a first-hand account of the challenges of looking for work and the lessons he learned. See individual ebooks on amazon website for reviews.
